## **Report**

Department of Geography had organized visit to a High Altitude "High Altitude Cloud Physics Laboratory, Mahabaleshwar". This visit was very helpful to the students in many ways. They got to know about the weather conditions which are the part of atmospheric heat engine. Clouds and rain are the fuel for this heat engine. Individual clouds are generally small in size but get organized into bigger systems like tropical cyclones and influence the heat engine. Most weather and climatic predictions are not able to resolve each and every cloud. Formulate the effect of all clouds is a big challenge. There should be a good understanding of how starting from a water vapor condensing around tiny aerosol particles the clouds grow and die in different directions. Students visited different places here and it helped them to understand the entire process.

**Study Tour Report**

The BSc IV Zoology students of the Department of Zoology at Smt. Marnalben Mehta College, Panchgani, embarked on an enriching study tour to Dhoni Dam and Sericulture farms. Under the guidance and with prior permission of the college's Principal, this educational excursion aimed to provide students with practical insights into the subjects of zoology and sericulture, bridging the gap between classroom learning and real-world application.

Headed by Prof. Varsha Ghoshale-Kasurde, the Department of Zoology ensured that this study tour was not just an excursion but a valuable learning opportunity. Our journey commenced at Dhoni Dam, where students were immersed in the diverse ecosystems surrounding the dam. They observed various species of aquatic life, birds, and plant life, gaining a deeper understanding of the local biodiversity. The students were particularly captivated by the hands-on experience of collecting and examining water samples, which allowed them to analyze water quality and its impact on aquatic organisms.

After an insightful morning at Dhoni Dam, we proceeded to the Sericulture farms. Here, students were introduced to the fascinating world of sericulture, where they witnessed the entire process of silk production from silkworm rearing to silk extraction. This hands-on experience not only enhanced their knowledge of sericulture but also highlighted the intricate relationship between humans and silk-producing insects.

Throughout the tour, students actively engaged in discussions and asked questions, displaying their eagerness to learn and their appreciation for the natural world. The tour not only expanded their academic horizons but also fostered a sense of environmental consciousness.

In conclusion, the BSc IV Zoology study tour to Dhoni Dam and Sericulture farms, conducted with the prior permission of the college's Principal, proved to be a rewarding and enlightening experience. It allowed students to connect theory with practical knowledge and deepened their passion for the subjects they are studying. Such educational excursions serve as a valuable component of our curriculum, enriching the learning journey of our students.

This is to inform all students and faculty members of the Department of Physics that a Group Discussion on the topic 'Scientific Attitude and Superstitious Notions' will be held on November 10, 2022 on occasion of 'World Science Day'. The event will commence at 12:00 pm and will take place in the Department of Physics.

We are honored to have as our chief guest the Honorable Principal, Dr. Satish Desai, who will be delivering the opening remarks for the discussion.

The aim of this discussion is to explore the contrast between scientific thinking and superstitious beliefs, and how a scientific attitude can help dispel irrational notions. The event will provide a platform for open dialogue and critical thinking on this important subject.

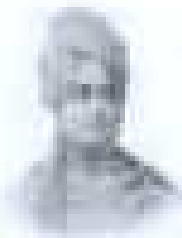

All students and faculty members are encouraged to attend and participate actively in the discussion. Your insights and perspectives will contribute to a thoughtful exchange of ideas.

### Report: Group Discussion on 'Scientific Attitude and Superstitious Notions'

Date: November 10, 2022.

The Department of Physics conducted a Group Discussion on the topic 'Scientific Attitude and Superstitious Notions' on November 10, 2022 on occasion of 'World Science Day' starting at 12:00 pm. The event was held in the Department of Physics.

Prof. B. N. Naughaty welcomed and introduced the chief guest Hon. Principal Dr. Satish Desai, other faculty members and given introduction of the activity.

The discussion aimed to delve into the dichotomy between scientific attitudes and superstitious beliefs, highlighting the role of rational thinking in dispelling irrational notions. The event was graced by the presence of the Honorable Principal, Dr. Satish Desai, who inaugurated the discussion with his insightful opening remarks.

Dr. B. N. Naughaty, Prof. Hrushikesh Purohit and Prof. Anurag Hattane were present shared their views on this occasion.

The key highlights of the discussion are as follows:

**Engaging Dialogue:** The event sparked a lively and engaging dialogue among the attendees, allowing for a diverse range of perspectives on the subject.

**Context and Exploration:** Participants explored the clear distinction between scientific thinking and superstitious beliefs, delving into the factors that contribute to such notions.

**Rational Approach:** The significance of adopting a rational approach, guided by evidence and critical thinking, was emphasized as a means to counteract superstitious notions.

**Cultural and Psychological Insights:** Attendees discussed how cultural backgrounds and psychological tendencies can influence the acceptance and persistence of superstitious beliefs.

**Chief Guest's Insights:** Dr. Satish Desai's opening remarks set a thoughtful tone for the discussion, underscoring the importance of fostering scientific temper in today's world.

**Open Exchange:** The session facilitated an open exchange of ideas, enabling participants to share personal experiences, anecdotes, and viewpoints related to scientific thinking and superstitions.

**Encouragement for Participation:** Both students and faculty members actively contributed to the conversation, reflecting the department's commitment to nurturing critical thinking.

**Awareness Enhancement:** The discussion served as an opportunity to increase awareness about the impact of superstitious beliefs on decision-making and the need for evidence-based approaches.

**Future Implications:** Attendees expressed a desire for more such discussions to be integrated into the academic curriculum, acknowledging the value of addressing these topics in education.

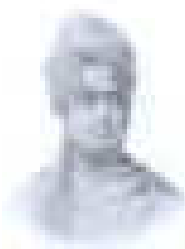

In conclusion, the Group Discussion on 'Scientific Attitude and Superstitious Nations' successfully achieved its objectives of fostering critical thinking, promoting rationality, and encouraging open dialogue among participants. The event not only enhanced participants' understanding of the topic but also provided a platform to exchange valuable insights.

### Expected outcomes

**Group Discussion on 'Scientific Attitude and Superstitious Notions':**

**Enhanced Understanding:** Attendees will gain a deeper understanding of what constitutes a scientific attitude and how it differs from superstitious beliefs.

**Critical Thinking:** The discussion will encourage participants to think critically about the basis of various superstitious notions and how scientific thinking can help debunk them.

**Awareness:** Attendees will become more aware of the prevalence of superstitious beliefs in society and their potential impact on decision-making and behavior.

**Promotion of Scientific Methodology:** The discussion might emphasize the importance of relying on evidence, data, and the scientific method to understand and explain phenomena.

**Debunking Myths:** Participants may collectively debunk common superstitious myths, helping to dispel misconceptions and promote rational thinking.

**Encouraging Skepticism:** The event could encourage healthy skepticism, prompting attendees to question unsupported claims and seek rational explanations.

**Promotion of Open Dialogue:** The discussion might foster an environment of open dialogue where diverse viewpoints are respected and debated constructively.

**Inspiration for Research:** Some attendees might be inspired to explore topics related to scientific thinking, superstitions, and their societal impact in their academic or personal research.

**Educational Impact:** The insights gained from the discussion could be incorporated into the curriculum to enhance scientific literacy among students.

**Improved Decision-Making:** Attendees might apply the principles of scientific thinking to their decision-making processes, leading to more informed and rational choices.

**Cultural Awareness:** The discussion could highlight the cultural aspects that contribute to the persistence of certain superstitious beliefs, leading to a more nuanced understanding of the phenomenon.

**Empowerment:** Participants may feel empowered to challenge superstitious notions in their communities, promoting a more rational and evidence-based approach to understanding the world.

- Purpose: To encourage a greater comprehension of the subject and boost long-term memory, to make people more conscious of the value of statistical information. Consider thinking about problem-solving in any field to train their thoughts. Index numbers, time series, regression, SQC, DCE, OR, etc. are some effective strategies. They will comprehend how to apply these techniques to a specific set of data.
- Details of the Programme: Prof. S. H. Gore
- Introduction: B.Sc. II Statistics students
- Participants:
- Description of the Programme:

The focus of this group discussion was to educate the students on the critical importance of statistics across a wide range of fields, including business, economics, mathematics, banking, state management, natural and social sciences, etc. Each student gave an explanation of how statistics are employed in the relevant field. From this group conversation, some students picked up new ideas and learned how to apply statistics. They were aware of how to use statistical tools to tackle the issue. They learned a lot from this group conversation, including how to use the right tools for different types of data and job opportunities in statistics.

• **Outcomes:**

The Program's targeted outcomes aim to enhance student's awareness of job prospects in statistics as well as their interest in statistics.

- **Purpose:** To make the students understand where they use vector calculus and multivariable in a professional life. Now they know that the calculus is the mathematical "backbone" for dealing with problems where variable change with time or some other reference variables.

- **Description of the Programme:** This group discussion has been organized to make the students aware of this points. Multivariable calculus is the generation of integrals and derivatives to functions of multiple variables. Vector calculus is a collection of technique for dealing with functions in three variables that has use in physics and some branches of engineering. They cleared their doubts related to this topic. Feedback of the students was exciting. As per the feedback, it is clear that the expected outcomes of the group discussion have been fulfilled.

- **Details of the Programme**

- **Outcome:**
  - The expected outcome of this program is the students understand that why they learn Vector Calculus and Multivariable.

## **Group Discussion Activity Report**

**Date: 18.05.2023**

On Thursday, 18<sup>th</sup> May, 2023 a *Group Discussion activity* was organized to by Department of English, to encourage students to have deeper understanding of the topic and to learn to express and exchange ideas and viewpoints. Mr. Nitin Waghmare, Head of the Dept. and faculty members including Dr. Sunil Garav, Ms. Sheetal Pawar and Ms. Sarika Shinde planned the programme and implemented the plan.

### **Mr. Nitin Waghmare Initiating the Group Discussion Activity**

The prime objective of the activity was to encourage students to develop their critical thinking skills and communication skills, increase their self-confidence, and get fresh ideas to provide different approaches.

At first students were guided on all the details about how to start an group discussion. How to initiate a group discussion, make initial statements, invite comments, express agreements and disagreements, intervene, making suggestions, accepting or refusing suggestions etc.

Ms. Sheetal Pawar helping students during the Activity.

Total twenty-one students who were divided into three groups i.e. seven students in each group participated in the activity. Total forty-six students were present for the activity. The activity was concluded with the vote of thanks by Dr. Sunil Gaurav.

## ***Historical background***

- DNA fingerprinting was developed in 1984
- by Alec. J. Jeffrey at the University of Leicester
- He was studying the gene of hemoglobin.

This is a picture of Alec. J. Jeffrey

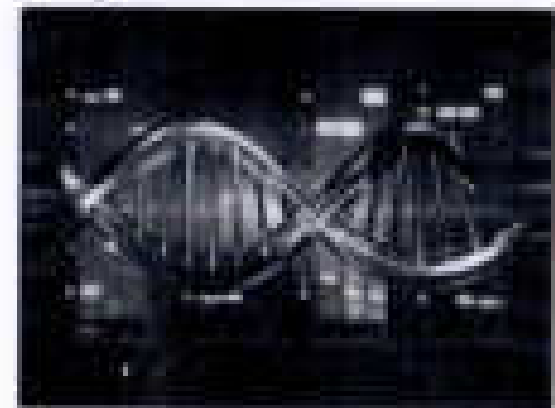

# ***What is DNA Fingerprinting?***

- The chemical structure of everyone's DNA is the same.
- The only difference between people (or any animal) is the order of the base pairs.
- The information contained in DNA is determined primarily by the sequence of letters along the zipper.

*The different sequences is the same as the word "POST" has a different meaning from "STOP" or "POTS," even though they use the same letters. i*

segments that vary in size and composition and have no apparent function are called minisatellites

- Using these sequences, every person could be identified solely by the sequence of their base pairs
- there are so many millions of base pairs, the task would be very time-consuming
- Instead, scientists are able to use a shorter method, because of repeating patterns in DNA.
- These patterns do not, however, give an individual "fingerprint,"
- they are able to determine whether two DNA samples are from the same person, related people, or non-related people.

| Purpose                         | Seminars are intended for students to discuss and clarify their own views, as well as to learn from their lecturers and from one another. They also teach you how to present, explain, and defend your ideas, which are vital life skills (required in business for interviews, consulting experts, receiving and interpreting advice, and making professional presentations). Seminars provide practice in these general skills and assist you in developing confidence. |

#### Description of the Programme:

The one-day program was designed to help students improve their communication, presentation, and concept-explaining skills. Prof. Gore S. B. began the session with an introduction and the regulations of the seminar. Further, students delivered seminars on assigned topics. Following the seminar, a question-and-answer session was held. Teachers graded students based on how they presented the subject, their communication abilities, and their depth of understanding of the topic. Miss Prajita Wadkar proposed that a vote of thanks be held.

#### Outcomes :

- ✦ Students can able to face professional presentation
- ✦ They will be able to communicate in front of mob
- ✦ They will understand how to present solution any of problem.

**Theme:** 1. International Millet Year 2023

2. Bajra

**Venue:** Department of Botany

**Date:** 7<sup>th</sup> February 2024

The year 2023 has been declared by the United Nations as the International Year of the Millet, following a proposal by India, which wants to position itself as a global hub for millets.

According to Food and Agricultural Organization of the UN "Millets can play an important role and contribute to our collective efforts to empower smallholder farmers, achieve sustainable development, eliminate hunger, adapt to climate change, promote biodiversity, and transform agri-food systems. With this background, on the occasion of International Year of the Millet department of botany organized poster exhibition to create awareness about millets. Bajra is one of the important millet from Maharashtra so we include Bajra as another theme for posters.

Dr. P. B. Kamble, Head department of Botany welcome the guest. Miss Nisha Mate, (B. Sc. III Botany) gave introduction of activity. Exhibition was inaugurated by Mr. Prasad Babar (Govt. Consultant, Skill India Project) in gracious presence of Hon. Principal Dr. Desai sir and all the teaching and non-teaching staff. Hon. Principal Dr. Desai sir gave presidential speech and motivated students. Mr. Shivashish Jangam (B. Sc. III Botany) delivered vote of thanks.

Students of B. Sc. III (Botany) organized the activity under guidance of Dr. P. B. Kamble, Head department of Botany. 24 students actively participated and 5 students worked as volunteers during the exhibition.

Title: Marigold: God's Flower

Venue: Department of Botany

Date: 04/10/2022

Marigold flowers are very popular in Indian life, weddings, and festivities because they represent the sun, symbolizing brightness and positive energy. Both yellow and orange marigolds are widely used in traditional Indian wedding decorations. The spiritual meaning of marigold flowers is found mainly in Hinduism, but also in Christianity. A garland made of orange and marigold is used as a Totara in Hindu homes. The garland hangs over the threshold. This garland is changed on every festive occasion. An important reason for using the flower as a Totara is that it has protective properties. It has a pungent odour that keeps pests at bay (these properties have been well documented by researchers). That is why it is particularly useful in the tropical climate of India.

Main objective of this activity is aware people about importance of marigold. Now a days people started use of artificial flower which has long lasting negative impact of environment and society. Students from B. Sc. I (Botany) prepared wallpaper highlighting it's all aspects. They mentioned origin of plant, classification, botanical description, important chemicals present, cultural value, medicinal value etc.

Hon. Navasabhi Kasurda (I.M.C. member) and Mr. Sanjay Anbhule (Secretary, Alumni Association) inaugurated the wallpaper. Both of them appreciated the student's effort. They motivated students for analyzing other plants for their medicinal importance and present the information. Hon. U. Principal, Teaching and Non-teaching staff along with students were present for the inauguration. Dr. Karbhle, Head of Botany department introduced the theme of activity. Wallpaper was presented by Abhishek Jangam. Rya Dange proposed vote of thanks. Activity was nicely anchored by Shubhi Mohan. Dr. Karbhle, Head of Botany department inspired the student for this activity.

(2022-23)

Notice

Date: 15<sup>th</sup> October, 2022

All B.Sc. first-year students and JP Mehta Junior College students are invited to attend a poster presentation on 'LIGO India' on 18<sup>th</sup> October, 2022 at 11:15 am in the J.P. Mehta Memorial Hall.

The presentation will cover the scientific and technological aspects of LIGO India, a collaborative project between India and the United States that aims to detect gravitational waves. It will provide an opportunity for students to learn about the construction, operation, and data analysis techniques used in the project.

In addition, B.Sc. first-year students will showcase a model of the LIGO observatory that they have constructed, demonstrating the workings of the observatory and the concept of laser interferometry.

This is an excellent opportunity for students interested in science and technology to learn about one of the most exciting and cutting-edge scientific projects of our time. All interested students are encouraged to attend.

### Report Poster Presentation

On October 15th, 2022, Hon. Pts. Dr. Rajendra Shejwal, Joint Secretary of State Board, Vinodkumar Shikshan Sanstha, inaugurated a poster presentation on LIGO India. Hon. Pts. Shrinivas Walvekar, Principal of J.P. Mehta Junior College, Hon. Narasabhai Kanade, Former President of Panchgani Christian Municipal Corporation, Hon. Jyotirath Shinde Guraji, a Presidential Award Winner Writer, Hon. Manaji Shinde, a Former Principal of Mahatma Phule High School and J.P. Mehta Junior College, Panchgani, and the senior & junior college staff attended the event.

The participants of this presentation were first-year B.Sc. students, and J.P. Mehta junior college students were also present.

B.Sc. First year students began presentation with an introduction to LIGO, which stands for the Laser Interferometer Gravitational Wave Observatory. It is a collaborative project between India and the United States that aims to detect gravitational waves. Gravitational waves are ripples in space-time caused by the acceleration of massive objects, such as black holes or neutron stars.

The presentation then focused on LIGO India, which is a proposed addition to the existing LIGO observatories in the United States. The proposed observatory will be located in India and will significantly improve the sensitivity and accuracy of the existing LIGO network. The B.Sc. students who participated in the presentation described the scientific and technological aspects of LIGO India, including the use of laser interferometry, the construction of the observatory, and the data analysis techniques used to detect gravitational waves.

The J.P. Mehta junior college students were fascinated by the presentation and asked many questions, including how LIGO India will be able to detect gravitational waves and what new discoveries may arise from this project. The B.Sc. students explained that LIGO India will be able to detect gravitational waves by measuring changes in the length of laser beams caused by the passing of a gravitational wave. They also explained that LIGO India could provide new insights into the nature of black holes and neutron stars, the evolution of the universe, and the fundamental laws of Physics.

In conclusion, the poster presentation on LIGO India was a great success, providing an opportunity for B.Sc. first-year students to present their research to a wider audience and inspire younger students to pursue careers in science and technology. The project has great potential to revolutionize our understanding of the universe, and we look forward to seeing the results of LIGO India in the future.

शुक्रवार दि. १६, सप्टेंबर २०२२ रोजी "राज्याचा उदय आणि विकास" या विषयावर भिलिपत्रिकेचे उद्घाटन सत्यविद्यालयाचे सत्य, प्राचार्य डॉ. सतीश देवई यांच्या हस्ते करण्यात आले.

भिलिपत्रिकेच्या उद्घाटन उत्सव अनुष्ठान उद्घाटक सत्य, प्राचार्य डॉ. सतीश देवई व सत्यशाळा, विद्यार्थी

भिलिपत्रिकेच्या उद्घाटन प्रसंगी सत्यविद्यालये प्रास्ताविक आणि पाहुण्यांचे स्वागत राज्यशाळा विभागाचे डॉ. सतीश पट्टण यांनी केले. त्यांनी राज्याचे भविष्य आत्मन्या संदर्भातील लक्षात घेविलेले. राज्याच्या ही मातृची सहाय्यतीची सन्मेली संस्था आहे. या अतिवृत्तीच्या विद्यार्थ्या इत्यादी हेतू यानुषंगी समुदायाच्या सर्व पाठ्य शाळांवर आणि यंत्रणेने राज्यभरून सेवा पूर्ण होणार. सत्य त्यांनी बीडच्यात आगली भूमिका सादली.

अंतर भिलिपत्रिकेचे प्रमुख उद्घाटक सत्यविद्यालयाचे सत्य, प्राचार्य डॉ. सतीश देवई यांनी असे मत व्यक्त केले की, "सत्य हा समजात हात आघाती, समुदायाच्या सर्व पाठ्य जन, वरत, शिक्षण आदी यंत्रणेची पूर्णता ही समजातच होवू शकते. सत्यच्यात आगली जीवन सेवा याचे समुदाय समुदायाच्या मिळीत केले. समुदायाच्या राज्यभरून समजातच भूमितीत होणे, यातून आधुनिक काळात राज्यभरून समजातच भूमितीत काम करणारा शिक्षण, आधुनिक काळात राज्यभरून केलेला सत्यशाळाच्या भक्कम अधिष्ठातानुषंगी यंत्रणे आणि यंत्रणेच्यात अनेक समुदाय होत आहे. राज्यभरून सत्यशाळाच्यात आधुनिक सत्य याच प्रक्रियेचा भाग आहे. हे सत्य असल्यातच त्यांनी राज्यभरून, समाज आणि समाजशास्त्र यांच्या अंतरसंबंध काम आहे. हे त्यांनी आपल्या भाषणातून विविध समजातचारीय सादली हेतू स्पष्ट केले.

Sextortion: A New form of Cyber Crime

**IC Prin. Dr. Satish Desai inaugurating the Wallpaper**

The students of the Department of English presented Wallpaper on "Sextortion", on Tuesday, 15<sup>th</sup> September 2022. This wallpaper is inaugurated by the auspicious hands of IC Principal Dr. Satish Desai and enlightened students with his encouraging thoughts. The Wallpaper was made by the students under the guidance of Mr. J.V. Shinde sir, Dr. S.G.Gurav, Mr. N.R. Waghmare, Miss. S.J.Shinde and Miss. Sheetal Pawar.

At first Ms. Sarika Shinde introduced the programme. It was followed by departmental student, Vicky Kharat exploiting the wallpaper. He told that sextortion is a form of sexual abuse through various social media platforms. Here perpetrator encourages victim to produce sexual content in the form of images and videos. Then the perpetrator blackmails the victim and threatens the public to release the material.

**IC Prin. Dr. Satish Desai addressing to the students**

In his presidential speech IC Prin. Dr. Satish Desai addressed the students that sextortion has become a common phenomenon in today's technical world. Student should not give response to fake id on any social media platform. All the students read the wallpaper and got encouragement to know more about the topic. Total 23 students were present for the programme.

Along with Principal, all faculty members and teachers of English Department were present for the programme. The function was concluded with the vote of thanks by Zarin Shaikh.

Activity: "Eco-friendly Celebration of Dussehra (Vijayadashami)"

Venue: Department of Botany Date: 7<sup>th</sup> Oct. 22

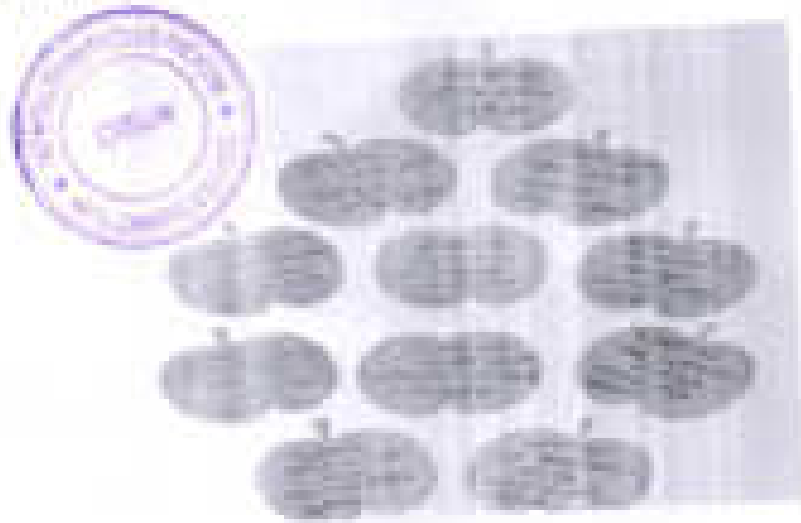

In North and Western parts of India people distribute leaves of Apta or Apali tree leaves on Dussehra and Vijayadashmi day. In this ritual, Apta tree leaves symbolically represents gold or coin. People present Apta tree leaves to friends, relatives and neighbors and wish happy Dussehra. This act posing negative impact on the number of Apta trees as most of the plants get died due to heavy leaf loss. By considering this threat our department takes initiative to protect the Apta tree. Our students created artificial Apta leaves from waste paper and write messages and good thoughts on it. Our students created awareness among parents about the threat to Apta tree. Our students from B. Sc. Part II prepared and distributed artificial Apta leaves from waste paper with messages engraved on them.

Mrs. Nandashree Kulkarni (S.M.C. member) and Mr. Sanjay Anandale (Secretary, Alumni Association) were the chief guests for the activity. Both of them appreciated the student's effort to save the tree. They motivated students for such initiatives towards sustainable life approach. Mrs. Dr. Prerona, Teaching and Non-teaching staff along with students of B. Sc. I were present for the inauguration of activity. Vaishali Mahadik presided the function of activity. Activity was inaugurated by offering artificial leaves to Hon. Classes, Staffroom Apsara and Manali Wansakar distributed the artificial leaves to all the students, teaching and non-teaching staff. Suman Wansakar proposed vote of thanks. Dr. Kavitha, Head of Botany department presented the memento for this activity.

"Extempore Speech Competition" was held in the Dept. of English, Smt. Meenalben Mehta College, Panchgani on 24<sup>th</sup> May, 2023. The competition was introduced by Ms. Pawar Sheetal madam by explaining to the students, what is the intention behind organizing Extempore Speech Competition. She encouraged students to participate enthusiastically as it gives students self-boast and confidence to speak in front of a large audience. She then told that Extempore Speech Competition helps to build communication skills, improves grammar while speaking publicly, and students learn to make use of their own spoken English style. She invoked students to speak spontaneously on any topic of their interest.

**Ms. Pawar Sheetal Introducing the Extempore Speech Competition**

Mr. Nilin Waghmare sir helped students for how to speak on the topics of their interest effectively. He observed their presentation skills and gave tips to improve

#### Report of "Vocabulary Building Activity"

Date: 09/03/2023

On 9<sup>th</sup> March, 2023, a "Vocabulary Building Activity" was held in the Dept. of English, Smt. Meenalben Mehta College, Panchgani, to strengthen vocabulary skills of the students.

Students participating in the activity

The activity was introduced by Dr. Sunil Gurav sir by explaining to the students, what does it mean by vocabulary building. He urged them that whenever students come across new word they should see pronunciation, spelling, meaning and use of that word in the sentences. In this way students will enrich their dictionary of English language and can speak and write English fluently.

Dr. Sunil Gurav sir Introducing the Activity

Ms. Pawar Sheetal madam gave instructions to the students about how to participate in the Vocabulary Building Activity. She explained that, a word will be

given to the first team of two students. After that each team has to say a new word, beginning with an end alphabet of the word said by preceding team. Students will have to pronounce that word correctly, write down its spelling on the blackboard and explain the meaning. If a team fails to add a new word within ten seconds, then their alphabet will be passed to the next team. Students cannot repeat the same word, as well too simple words and proper nouns are not allowed.

**Ms. Sheetal Pawar madam giving instructions to the students**

Ms. Sarika Shinde madam observed students while participating in the activity with other members of the department. She guided students about how to follow rules strictly while conducting the activity. She helped them to participate effectively so that this activity would help them in a real sense.

**Ms. Sarika Shinde madam observing students during activity**

Total twenty seven students were present for the activity and thirteen teams took part in it. The Dept. members examined the participated teams and first three rankers were decided.

The activity was concluded expressing vote of thanks by Mr.Nitin Waghmare.

शयतेचा राजा

Roll NO: 842

## स्थतेचा राजा: छ. शाहू महाराज

राजर्षी शाहू महाराज हे एक छोटे भारतीय समाजसुधारक व कोल्हापूर संस्थानचे छत्रपती होते. त्यांचा जन्म १८ जून १८२५ रोजी कारगल येथील छोट्या छराठ्यात झाला. त्यांचे अपूर्ण नाव यशवंत जयसिंग राव छोटो हे होते. शाहू राजांच्या आईचे नाव राधाबाई तर वडिलांचे नाव जयसिंगराव (आषाढ-साहेब) हे होते.

शाहू भोसले हे छत्रपती शाहू महाराज राजर्षी शाहू महाराज, कोल्हापूरचे शाहू व चौथे शाहू नावांनी प्रसिद्ध हे मराठ्यांच्या भोसले छराठ्यांमधील कोल्हापूर संस्थानाचे राजे (राज्यकाल १८१५-१९००) आदि पहिले छत्रपती (१९००-१९३२) होते. कोल्हापूर संस्थानचे राजे चौथे शिवाजी महाराज यांच्या निधनानंतर त्यांच्या चौथ्या पत्नी आनंदीबाई यांनी यशवंतरावला दत्तक घेतले. त्यांचे 'शाहू' असे नामकरण केले.

शाहू महाराज हे लहानपणापासून कुशाळ वृद्धांचे व लोकांसिधे होते. सन १८४५ ते १८५३ या काळात त्यांनी आपले शिक्षण पूर्ण केले. १ एप्रिल १८५१ रोजी शाहू महाराज लक्ष्मीबाईशी विवाहबद्ध झाले. इ.स. १८५५ साली शाहू राजांनी संस्थानच्या राज्यकारभाराची सूत्रे हाती घेतली. त्यांच्या कार्याचा उद्देश हा समाजपरिवर्तन घडवणे हा होता. त्यांनी बहुजन समाजात शिक्षण प्रसार करव्याचे महत्त्वपूर्ण कार्य केले. त्यांनी भोजनळी येथे महत्त्वा - विमुक्तांच्या मुलासाठी पहिली शाळा काढली. सन १८५६ मध्ये पेंडसेला दुष्काल व त्यानंतर प्लेगची साथ अशा

शंकाकाही श्यानी अनेक दुष्काही कामे हाती. शाहूंनी स्वस्त शान्य दुकाने, निराधार आराम स्थाने, विहिरी खोले, घरकुल बांधले, बांधानगरी घरां उभारली ह. अनेक समाजपयोगी कार्ये श्यानी केली. शाहू महाराजांनी आपल्या कारकीर्दीत शिक्षण, धार्मिक, कृषी, उद्योग, कला, खेळ ह. सर्व क्षेत्रांत महत्त्वपूर्ण असे योगदान दिले. आपण सर्व शाहू राजांना "लोककल्याणकारी राजा" म्हणूनही ओळखतो.

राजर्षी शाहू हे खरे लोकशाहीवादी आणि समाजसुधारक मानले जातात. शाहू महाराज हे एक महान राज्यकर्ते होते. त्यांच्या राजवटीत शाहू महाराजांनी अनेक पुरोगामी धोरणे यशस्वीपणे राबवली. 1892 मधील त्यांच्या राज्यमिथेकापासून ते 1922 मध्ये त्यांच्या निश्चलपटीत श्यानी राज्यातील मागास जातीतील लोकांसाठी काम केले जात-पंचायती पटी न करता सर्वांना सामाजिक शिक्षण देणे हे त्यांचे सर्वात महत्वाचे साधन्य होते.

ब्रिटिश राजसत्तेच्या कालामध्ये सामान्य जनतेला श्याय मिळवून देण्यासाठी व बहुजन समाजाच्या सामाजिक उन्नतीसाठी या काळात शाहू राजांनी प्रयत्न केले, सामाजिक परिवर्तनाला हाती प्राप्त करून दिली तसेच समाजातील वर्गांच्या विरो-धाला न जुमानता दलित (अस्पृश्य) व मागास-वर्गीय समाजाच्या विकासासाठी महत्वाची भूमिका बजावली. महाराजांना "राजर्षी" ही पदवी त्यांच्या राज्यमिथेकाच्या वेळी श्याना त्यांच्या हात धुकते दिली.

महाराष्ट्राला तीन प्रमुख समाजसुधारकांचा वैचारिक वावरा लागला असल्यामुळे या राज्यास "फुले - शाहू - आंधेवुकरांचा महाराष्ट्र" असे म्हणतात.

शाहु हुलपती स्पनिंग डोंटु विखिडा मिल... शाहपुरी व्यापार पेठेची स्थापना, गुळाच्या बाजाराची निर्मिती, शेतकऱ्यांच्या सहकारी संस्थांची स्थापना, शेतकऱ्यांना कर्ज उपलब्ध करून देणे असे उपक्रम शाही आपल्या संस्थानात राबविले. कमानीचे यशस्वी केले होती, प्रयोग, सहकार या क्षेत्रात राजर्षींनी सततचे प्रयोग केले. शेतीच्या आधुनिकीकरणासाठी शाही आपल्या संस्थानात राबविले, कमानीचे यशस्वी केले होती, प्रयोग, सहकार या क्षेत्रात सभो धनाला पाठिंबा दिला, मगदी पिके व तेलसाज्या वापर वाढु व्यावसायी शाही 'किंग एडवर्ड अँडि कल्चरल इन्स्टिट्यूट' स्थापन केली.

राजांनी शाळाही पाठ्याचे महत्व लक्षात घेऊन बांधण्यात येतेला दुष्काळाचा सामोरे जावे लागतार नाही शासाठी राजनिगरी माठाचे धरण बांधले. राजर्षी शाहुंनी कोल्हापूर संस्थानात संगीत, चित्रपट, चित्रकला, लोककला आदि कुस्ती या क्षेत्रातील कलावंतांना राजांमय देऊन शांना मोत्साहन देण्याचे महत्वाचे कार्य केले.

महाराजांनी कोल्हापूर, बेळगाव या भागातील स्वातंत्र्यवीराना वेळोवेळी आर्थिक व इतर मदत केली. शाहु महाराज व भारतरत्न डॉ. बाबासाहेब आंबेडकर यांचे अंश अर्पणूत आहे. डॉ. बाबासाहेबांनी 'सूक्तायक' हे पाक्षिक राजनिवारी लढता प्रथम प्रकाशित केले परंतु आर्थिक अडचणीमुळे पुढे ते बंद पडले परंतु हे राजर्षी शाहु महाराजांच्या लक्षात आल्यावर शाही ताल्याल १९७७ रेषांची अर्घोस मदत केली. शाहु महाराजांचा २६ जून हा जन्मदिवस महाराष्ट्रात 'सांभाजिक व्याय दिवस' म्हणून पाळता जातो. यादिवशी सार्वजनिक कार्यक्रम होतात. शाहु महाराजांच्या नावाने अनेक पुरस्कार जाहीर होतात.

अशा काही पुरस्कारांची नावे आठ ते दहा वर्षांच्या वयवर्गीची नावे :- राजर्षी शाहू ज्ञानपती मेमोरिअल ट्रस्ट च्या वतीने देण्यात येणारा शाहू पुरस्कार ज्येष्ठ सक्ती-दाख आठव्या सामाजिक कार्यकर्त्या सा. पुण्या नावे यांना (१६ जून २०१८), कोल्हापूर जिल्हा परिषदेच्या वतीने राजर्षी ज्ञानपती शाहू ज्येष्ठीनिमित्त ६ जिल्हा परिषद सदस्य, ३ पंचायत समिती सदस्य व १६ कर्मचाऱ्यांना राजर्षी शाहू पुरस्कार मिळाला (१६ जून २०१८), राजर्षी शाहू ज्ञानपती मेमोरिअल ट्रस्टच्या वतीने देण्यात येणारा शाहू पुरस्कार डॉ. रघुनाथ भारद्वाज यांना (१६ जून २०१८) शाहू महाराजांनी सांघमिक शाळा, सांघमिक शाळा, पुरोहित शाळा, सुवराज सरदार शाळा, पाटिल शाळा, इंदोबा शाळा, संस्कृत शाळा, महाशोशक शाळा, शैलिक शाळा, बालवीर शाळा, दोंबारी कृष्णाची शाळा, कल्या शाळा व व्युक्तल्या शाहू महाराजांनी बहुजन समाजात शिक्षणप्रसार करण्यावर विरोध भर दिव्या शांनी कोल्हापूर संस्थानात सांघमिक शिक्षण सक्तीचे व सौफल केले. शैली शिक्षणाचा प्रसार व्हावा म्हणून शांनी राजाज्ञा काढली.

अस्पृश्यता नष्ट करण्याच्या दृष्टीने शांनी ३ स १९५५ साली सक्ती व अस्पृश्यांच्या वेगळ्या शाळा उभारवण्याची पटवणत ठरविली. जातिभेद दूर करण्यासाठी शांनी आपल्या राज्यात आंतरजातीय विवाहाला मान्यता देणारा कायदा केला व स. १९५६ साली शांनी पुनर्विवाहाचा कायदा करून विधवाविवाहाला कायदेशीर मान्यता मिळवून दिली. बहुजन समाजाला राजकीय निर्णयसक्षिणे सामविक्त घेण्यासाठी शांनी ३ स. १९५६ साली जिजावी शेरे "बहुजन रयत असोसिएशन" ही संस्था स्थापली. वेदोक्त मंत्र म्हणण्याच्या अधिकारावरून आलेले वेदोक्त प्रकरणां शाहू महाराजांच्या काळात झाले त्यांचे शिक्षण ब्रिटिश अधिकारी ग्रेजर यांच्या हाताखाली झाले.

पुढील शिक्षण राजकोटच्या राजकुमार कॉलेजमध्ये होऊन घडवणूक येथे झाले. अनुभवाने व शैक्षणिक महत्त्वावर मिळालेले व्यवहारज्ञान यामुळे शाहूराजे यांचे व्यक्तिमत्त्व विकसित झाले होते. ढवणूक या टप्प्यात व नंतर आलेली प्रवेशी शास्त्र या काळात त्यांची कसोटी लागली आणि त्यांना ते पूर्णपणे पुतऱ्याने टप्प्याकी कामे, तगाई वाटप, खर्च घालवणे, मिराचोर आश्रमाला स्थापना हे कार्य पाहता 'असा राजा होणे नाही' असेच प्रजेला वाटते.

'शाहू सनपती रिपनिंग अँड वीकिंग निलय' शाहूपुरी व्यापारपेठ, शेतकऱ्यांची सहकारी संस्था, शेतकी तंत्रज्ञानाच्या संशोधनासाठी 'किंग एडवर्ड अँडिक्लिनरल इन्स्टिट्यूट' इत्यादी संस्था, शेतकी तंत्रज्ञानाच्या संशोधनासाठी 'किंग एडवर्ड कोल्हापुरात स्थापल्यात त्यांच्या समुख वाटा होता. शाहूराजशरी चारणाची पुढारणी, शेतकऱ्यांना कर्जे उपलब्ध करून देणे अशा उपक्रमानुनही त्यांनी कृषि विकासाकडे लक्ष पुरवले.

स्वातंत्र्यापूर्वी असता, दंडुता, धर्मनिरपेक्षता, सर्व हाटकांना विकासासाठी समान संधी ही गळवे शाहू महाराजांनी करवीर संस्थानात आसल्यात आदाली, स्टॅट्यूट त्यांच्या देशभरात 'महाराजांचे महाराज' असा गौरव होतो. त्यांना प्रजा व उपेक्षित समाजाला त्यांचे हक्क व त्यांचे मिळवून देण्याचे कार्य शाहूंनी केले. आपल्या संपूर्ण जीवन कार्यामध्ये त्यांनी समाजातील बहुजन समाजाला त्यांचे त्यांचे व हक्क मिळवून देण्यासाठी आपल्या अधिकाराचा पूर्णपणे वापर केला. स्टॅट्यूट ते लोककल्याणकारी राज्यकर्ते तरले त्यांच्या कार्याचा गौरव समकालीन लेखकानी व इतिहासकारानी केलेला आहे.

आजपूरच्या कुर्मी समाजाले महाराजांना 'राजर्षी' ही पदवी दिली. शाहू महाराज हे लोकशाहीचे आधारस्तंभ होते. वृद्धवाते, 6 मे 1935 रोजी मुंबई येथे शाहू महाराजांनी अखेरचा स्वास घेतला.
